Summary

Struggling to Scale Without an IT Team?

You're not alone. As your business grows, so do risks, demands, and security expectations. Without dedicated IT support, cracks start to show - slower response times, rising compliance pressures, and increased downtime.

We have got your back!

Exquitech's Managed IT & Security Services deliver full-scale support, protection, and governance - tailored for Microsoft-powered businesses with 30 -300 staff.

Here's What You Get

24/7 monitoring & incident response

Microsoft 365, Azure & Defender expertise

Embedded compliance & monthly reporting

Scalable support without scaling headcount

Security-first operations with MDR baked in

Why It Works

**40% faster ticket
resolution**

**60% fewer incidents
after onboarding**

**ISO 27001-aligned
processes**

**Trusted by
professional services,
finance, legal & more**

Ready to future-proof your IT?
